A: In my case, I had to upgrade my Visual Studio 2017 version to the latest which is 2019 and my Visual Studio 2019 redistributable to the latest version, because they use different version numbers for Visual Studio, and it was giving some errors, when I tried to start my solution after extracting the latest version of the redistributable. A teenage boy has been charged with the murder of the eight-year-old boy who was killed after being hit by a car on Cowan Street on Sunday. The indictment came after detectives on Wednesday used canine forensic skills to track the lost boy down, who had walked four kilometres after being struck. The infant was found lying at the corner of Cowan and Riccarton streets shortly before 2.30pm. **MEDICAL REPORTER:** The scene on Cowan St as blood is washed into the gutter. It was discovered by a dog handler who was walking the sniffer dog through the city after the driver of the car, a 44-year-old woman, claimed that she had hit a cat. Police said the child was declared dead at the scene, although the cause of death was not revealed in the early stages of the investigation. The small child's father, who is a foreign

exchange student studying at Auckland University, was not at home at the time. The child's mother had been sleeping in a nearby hostel room and, when she awoke, had heard the sound of a child being hit. Copenhagen Police dog handler Auke Karatzmeijer said he was called f678ea9f9e
